4 February 1959

[redacted], Chief  
Foreign Broadcast Information Service  
2430 E Street, N.W.  
Washington, D. C.

STAT

Dear Roger:

When I was in Washington you asked me to do you an organizational chart of the BBC. I fear that I have taken rather a long time to get this job done, but the fact that there was no current chart available from the BBC rather complicated our job.

I am sending along some charts produced by FBIS and will shortly provide you with a commentary on the organizational structure at Caversham.

Sincerely,

[redacted]  
Chief, London Bureau
